

MassMutual's SpecialCare

Our mission is to help educate families and caregivers of people with special needs about the importance and steps in creating a life care plan to help provide a secure financial future.

SpecialCare is a program developed by Massachusetts Mutual Life Insurance Company (MassMutual) that provides access to information and resources to families with dependents, of any age, who have a disability.

Through a dedicated network of Special Care Planners, we can help provide access to information, specialists, and financial solutions that can help families:

- Access local organizations and advocacy groups
- Protect future eligibility for government benefits
- Create a Life Care Plan
- Understand the financial and legal issues in special needs planning
- Determine funding options for special needs trusts
- Determine how much money is needed to provide for lifetime quality care

Get information and support you need

Attend no obligation workshops that provide:

- information
- support
- and connections to associations and peers that can benefit you and your family.

Let us work with you and your professional advisors — your banker, accountant, or financial professional, your lawyer, social workers, and health care providers — to:

- review your financial picture
- offer options that make sense for your situation
- help ensure that steps you take won't unintentionally jeopardize eligibility for government benefits
- and help you maintain the lifestyle your loved one needs.

Find out more about SpecialCare

Call us today or visit our web site at www.massmutual.com/specialcare.

We'll show you how SpecialCare can provide access to support, information, and financial options to enhance your life, and help ensure the continued care of your loved one with disabilities or other special needs.
